School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Vision and Mission Statement (School Year 2016-17)

Monte Rio Union School provides a safe and nurturing environment where all students are given the skills, opportunity, and encouragement to prepare for a successful future as critical and creative thinkers, productive citizens and lifelong learners.

Mission Statement:

Our mission is to ensure that every student receives a well-rounded, differentiated, academic program and develops a strong social and emotional foundation.

We expect a high level of academic achievement in all students, as they perform the Common Core State Standards using 21st Century skills, such as critical thinking, collaboration, creativity and communication, as demonstrated via proficient performance on the Smarter Balance exam.

Teachers, support staff, administrators, students, parents, and members of the community are committed to providing on-going support and enrichment to attain these goals.

District/Board Goals:

1. The District will remain fiscally solvent.
2. All constituents of the school community will demonstrate open communication, professionalism, and support for one another.
3. MRUSD is committed to promoting healthy nutrition in our school community. As part of this commitment, a percentage of the fresh produce served through our food program will come from our on-site garden program.
4. MRUSD recognizes the increasingly important role of technology in our society and will ensure students have the skills needed to compete in this environment. MRUSD has adopted the Smarter Balance media literacy standards that address the needs of students at each grade level. Students will have frequent access to technology to develop grade level performance skills.
5. MRUSD recognizes the importance of physical health as part of a well-rounded education experience. The students of MRUSD will have a place for safe, active, and creative outdoor play.
6. Articulation between the high school and the elementary school will exist to ensure that students are prepared for success in high school.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: September 2015

Monte Rio Union Elementary held a public hearing on Sept. 29, 2016, and determined that the school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 29, 2016 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements (Most Recent Year)

Monte Rio Elementary is comprised of eight classrooms, one multipurpose room/cafeteria, one library, one staff lounge, one computer lab, an environmental education site with school garden, a blacktop, and one playground.

Cleaning Process: The principal works daily with the custodial staff of one full-time and one part-time employee to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for the District. A summary of these standards are available at the District office for review.

Maintenance and Repair: District maintenance staff ensures that the repairs necessary to keep the school in good repair are completed in a timely manner. A work order process is used to ensure efficient service and highest priority are given to emergency repairs.

The Williams’ Facility Tool indicates that the overall condition of the school is in good repair. There are 15 individual categories where the school is evaluated. All inspection findings are in the following chart.

Deferred Maintenance Budget : The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar–for–dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems. For the 2015-16 school year projects included septic and plumbing, carpet repair, boiler repair, back flow repair, tree maintenance, (\$38,668.08).

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Monte Rio Elementary greatly benefits from its supportive parents who volunteer in the classroom and at special events. The school has a strong base of parent volunteers who are members of the Monte Rio Parents' Club. Parents are also welcome to join the School Site Council. The school also benefits from several community partnerships, including Community Family Service Agency, the Monte Rio Chamber of Commerce, The Bohemian Club, River to Coast Children's Services, and the Monte Rio Recreation and Park District.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer in another capacity, may contact the office at Monte Rio Union School at (707) 865-2266 or visit our website at monterioschool.org to learn more.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2016-17)

Safety of students and staff is a primary concern of Monte Rio Elementary. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan was last reviewed and updated by the School Site Council, and approved by the Board of Trustees on February 11, 2016. All revisions were communicated to both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a monthly basis throughout the school year. Lockdown drills are held as needed. Students are supervised before and after school and at recess and lunch by certificated and classified staff as well as the principal. There is a designated area for student drop off and pick up. Visitors are required to sign in at the office as soon as they are on campus.
