Form A: Planned Improvements in Student Performance

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LEA GOAL: English-language Arts (ELA). All students will increase their CAASPP results and 70% attain a “Standards Met” or above level of competency by 2017-2018

Form C: Programs Included in this Plan

Check the box for each state and federal program in which the school participates. Enter the amounts allocated for each program in which the school participates and, if applicable, check the box indicating that the program's funds are being consolidated as part of operating a schoolwide program (SWP). The plan must describe the activities to be conducted at the school for each of the state and federal programs in which the school participates. The totals on these pages should match the cost estimates in Form A and the school's allocation from the ConApp.

Note: For many of the funding sources listed below, school districts may be exercising Categorical Program Provisions options (flexibility) with information available at <http://www.cde.ca.gov/fg/ac/co/documents/sbx34budgetflex.doc>.

Of the four following options, please select the one that describes this school site:

- This site operates as a targeted assistance school (TAS), not as a schoolwide program (SWP).
- This site operates a SWP but does not consolidate its funds as part of operating a SWP.
- This site operates a SWP and consolidates only applicable federal funds as part of operating a SWP.
- This site operates a SWP and consolidates all applicable funds as part of operating a SWP.

Form F: Budget Planning Tool –Version 2.2 (revised)

The SPSA Budget Planning Tool has been redesigned to be simpler to use while remaining flexible and informative. The tool has been designed to provide those involved in school planning with a way to compare the costs of their estimated goal expenditures to funding source fiscal year allocations. The aim in providing this tool is to assist school planners in making effective and informed decisions as to the use of their funds. Form F (XLS; Aug-2014) is available for download at <http://www.cde.ca.gov/nclb/sr/le/singleplan.asp>.

System Requirements:

A computer running spreadsheet software with the ability to use Macro-Enabled Microsoft Excel 1997–2003 worksheets is required.

Instructions for Use

Opening the Budget Planning Workbook for the First Time

To ensure that the SPSA Budget Planning Tool operates correctly, follow these steps when opening the file:

1. Open the SPSA Budget Planning Tool. A dialogue box should appear that will ask the user if they want to enable editing. Select 'Yes' to enable editing.
2. Enable macros. A Security Warning dialogue box should appear asking if the user wants to enable macros. This warning may alternately appear as a yellow security warning bar across the top of the workbook. Select 'Enable Macros' and then save the document.
3. Maximize the workbook so that the page tabs show along the bottom of the workbook.

Setting-up School Information

To set the school information in the tool, follow these steps:

1. Select the 'SPSABudget' sheet tab at the bottom of the workbook.
2. Select the 'Add School Information' button to input school information.
3. Enter the school name, the district name, the schools CDS code, the name of the school administrator, and the date of revision.

4. If the school is operating a schoolwide program (SWP) select the 'Operating Schoolwide Program' checkbox. Another checkbox will appear asking if you are consolidating funds as part of operating a SWP. If you are consolidating funds, select the checkbox. You will then be asked to select if you will be consolidating only federal funding sources or consolidating all funding sources.
5. Select 'OK' to continue, or select 'Cancel' to exit.

You may change school information at any time by selecting 'Add School Information' button. Each time the 'Add School Information' button is selected, the date of revision will reset to '1/1/2000', therefore you will need to update the date of revision each time changes are made to the school information.

For Schools Consolidating Funds as Part of a SWP

If the school is operating a SWP and is choosing to consolidate funds a funding source titled 'Consolidated SWP Funds' will appear on the 'SPSABudget' sheet. Any funding sources that are consolidated as part of the SWP will be added into the 'Consolidated SWP Funds' funding source. In addition, a new sheet named 'Consolidated SWP Funds' will appear in the workbook. By going to the 'Consolidated SWP Funds' sheet you will be able to see a list of all the funding sources that have been consolidated in the SWP, their initial fiscal year allocations, and the total fiscal year allocation of all the funding sources that have been consolidated.

Adding a New Funding Source

By default, the first funding source listed in the 'Funding Sources' column is 'Title I'. It has a default allocation of '\$0.00'. To edit either the name of the funding source and/or the allocation amount, select the 'Edit a Funding Source' button and skip to step three below.

If you are operating a SWP and consolidating funds another box will open asking if the funding source is federal, state, or local. Select the appropriate option to continue.
4. Select 'OK' to add the funding source to your list, or select 'Cancel' to exit.

Be sure that the centralized services described in Form B of the SPSA document match any centralized services entered into the Budget Planning Tool.

For Schools Consolidating Funds as Part of a SWP

If the funding source is being consolidated as part of a SWP, it will not appear in the funding sources column on the 'SPSABudget' sheet. The fiscal year allocation will be added to the 'Consolidated SWP Funds' fiscal year allocation and the funding source will be added to the list previously referred to on the 'Consolidated SWP Funds' sheet.

2. Enter the name and/or description of the budget/resource code and the code number.
3. Select 'OK' to add the budget/resource code to your list, or select 'Cancel' to exit.

Be sure that the centralized services described in Form B of the SPSA document match any centralized services entered into the Budget Planning Tool.

3. Enter a description of one of the proposed expenditures for this goal. Double-select on a cell in the 'Description of expenditures for implementing this Goal' column and enter the description.
4. Select the budget category (or code) for the proposed expenditure. Select a cell to activate the dropdown menu. Use the scroll bar to scroll through the selections in the dropdown menu and select on a budget category (or code) to select the budget description (or code) for the proposed expenditure. The corresponding code (or budget description) will appear automatically in the adjoining cell.
5. Enter the funding source for the proposed expenditure. In the 'Funding Source' row, select a cell to activate the dropdown menu. Use the scroll bar to scroll through the selections and select on a funding source in the dropdown menu to select it. 1. The estimated costs assigned to each funding source on that page; and
2. A running total of the remaining fiscal year allocation for each funding source.

These totals will automatically update each time that you return to that goal sheet.

The 'SPSABudget' worksheet keeps running totals of:

1. The total estimated expenditures for each funding source across all goals;
2. The remaining balance for each funding source; and
3. The total of the estimated expenditures assigned to each budget or resource code from across all goal sheets.

These totals will automatically update each time that you return to the 'SPSABudget' sheet.

Form G: Single Plan for Student Achievement Annual Evaluation

Pursuant to California *Education Code* Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans.

Annual evaluation by the SSC and local educational agency (LEA) is a critical part of the continuous cycle of improvement for a school. Furthermore, it is an integral component of the Compensatory Education (CE) Federal Program Monitoring (FPM) review process for Single Plan for Student Achievements (SPSAs). During an FPM review, the SSC and LEA must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

The SPSA annual evaluation may be a summary description of the school's progress toward implementation of the strategies and actions in the SPSA. The report may also include a data analysis of the school's progress towards its student achievement goals based on local, state, or national assessment data.

During the evaluation process, it is important for the SSC and LEA to exercise caution about jumping to conclusions about the effectiveness or non-effectiveness of specific activities and programs without examining the underlying causes. The SSC and LEA should consider all relevant factors when evaluating the plan, such as the degree of implementation, student enrollment changes, and health and safety issues.

SAMPLE QUESTIONS FOR SPSA ANNUAL EVALUATION

Plan Priorities

- Identify the top priorities of the current SPSA. **(No more than 2–3.)**
- Identify the major expenditures supporting these priorities.

Plan Implementation

- Identify strategies in the current SPSA that were fully implemented as described in the plan.
- Identify strategies in the current SPSA that were not fully implemented as described in the plan or were not implemented within the specified timelines.
 - What specific actions related to those strategies were eliminated or modified during the year?
 - Identify barriers to full or timely implementation of the strategies identified above.

- What actions were undertaken to mitigate those barriers or adjust the plan to overcome them?
- What impact did the lack of full or timely implementation of these strategies have on student outcomes? What data did you use to come to this conclusion?

Strategies and Activities

- Identify those strategies or activities that were particularly effective in improving student achievement. What evidence do you have of the direct or indirect impact of the strategies or activities on student achievement?
- Identify those strategies or activities that were ineffective or minimally effective in improving student achievement.
 - Based on an analysis of the impact of the strategies/activities, what appears to be the reason they were ineffective in improving student achievement?
 - Lack of timely implementation
 - Limited or ineffective professional development to support implementation
 - Lack of effective follow-up or coaching to support implementation
 - Not implemented with fidelity
 - Not appropriately matched to student needs/student population
 - Other_____
 - Based on the analysis of this practice, would you recommend:
 - Eliminating it from next year's plan
 - Continuing it with the following modifications:_____

Involvement/Governance

- How was the SSC involved in development of the plan?
- How were advisory committees involved in providing advice to the SSC?
- How was the plan monitored during the school year?

- What changes are needed to ensure involvement of all stakeholders and adequate monitoring of planned activities and outcomes?

Outcomes

- Identify any goals in the current SPSA that were met.
- Identify any goals in the current SPSA that were not met, or were only partially met.
 - List any strategies related to this goal that were identified above as “not fully implemented” or “ineffective” or “minimally” effective.
- Based on this information, what might be some recommendations for future steps to meet this goal?
