This year Myri Glentzer, Gage Dorough, Sarah Blackner, and Grace Livingstone will be representing Monte Rio at the County Science Fair on Friday, March 4th. They are busy finishing their projects for the countywide completion that is limited to only 100 entries – including High Schools!

Good Luck Scientists!

*Parent Club has changed the day of their meetings. They now meet on the SECOND Friday of the month. The next meeting is Friday, Feb. 12<sup>th</sup>.*

*They are currently planning a dinner and movie night for Feb. 26<sup>th</sup> so stay tuned!*

Hi Everyone-

Sumer just met with the local company called TShirt Underground, and she brought back more info regarding the order. The company is going to provide the school with a sample set of t-shirts in all the sizes they provide. Many of you have had questions about sizing and this way you can come into the office and see exactly what size you would prefer. There will also be the option for a pullover hoodie as well as the zip front. T-shirts are still \$10, and the best news is that the sweatshirts are only \$20!! What a steal!

There isn't a discount for bulk ordering, so we will be placing the order based on what everyone wants. We will of course order a few extras to have on hand, but to guarantee you get the sizes and amounts you want, we suggest pre-paying for your order. Marcia (office secretary) will be handling the orders and collecting money. The sample set is here until Friday, so hurry in to check sizes and place your order!

If you have any questions, let me know-

Amy
