Come to School **READY** to Learn!

Monte Rio School,

I realize that Tiger Tales is historically used as a publication to address upcoming events and achievements at our school. I promise that it will continue to do just that. I did, however, want to take this opportunity to honor Haley and Kaitlyn Markus. The tragedy that shook our community and forever changed the lives of Sarah, Josh and Adam has affected everyone greatly. Through all the tears, grief and unanswered questions, I have seen strength and greatness in the Markus family and a sense of overwhelming unity in our school. Our students have been able to talk, ask questions and share emotions with our fantastic teachers, grief counselors and, of course, our therapy dog teams. The entire county has responded with an overwhelming caring that has shown me how incredibly amazing you all are.

Moving forward into the next few weeks and the remainder of the school year, I hope to find an appropriate memorial for our two little angels. I will discuss options with Sarah and Josh and speak with our superintendent and Board of Education to ensure that we honor the memory and celebrate the lives of Haley and Kaitlyn Markus.

When we meet real tragedy in life, we can react in two ways - either by losing hope and falling into self-destructive habits, or by using the challenge to find our inner strength.
