Come to School **READY** to Learn!

Parents,

It was so nice to see such a terrific turn out for our Back To School Night. As I walked around, I saw large numbers of parents in each classroom. The teachers were amazing in their presentations and sharing their visions for this school year.

We are continuing to move forward with our garden. Poison oak removal has begun and I have talked with a consultant about how best to organize our restoration projects. We have also consulted with a reputable arborist to give us an assessment on how best to keep our campus safe and beautiful.

Final test results from the State Testing are in and we made some great advances last year. Our school's math scores improved by 14% and the English Language Arts improved by 9%.

Finally, I would like to thank the parents for their support in improving our student's safety within the parking lot. Not only are parents loading and unloading their children in designated areas, our bus does not have to idle in the parking lot while waiting for cars to move from the yellow curb.

Nathan Myers  
Principal

## Opinion Article: By Myri Glentzer

Hello parents! It's the beginning of the school year and things are starting out great, but there is one thing the students want to happen. That is to get back tribes. Tribes is a fun activity we used to have every third Thursday of the month. It's where the entire school gets together into groups and a special bonding time older and younger students have to connect. Unfortunately, our previous special ed teacher, Mrs.D, got a new job at Guerneville School and she used to be the one that would schedule tribes. While the kids want to help to bring tribes back there's only so much we can do. So if there are any willing parent with some time to spare they will be greatly appreciated and will also help bring back a great school tradition that we aren't ready to say goodbye to yet!

***Editors Note:*** Tribes Version 2.0 will have new groupings, and for her leadership project, Myri would like a parent partner to help with the communication and logistics of tribe activities.
